

Purpose

Members of the Volunteer/Events Committee will be tasked with identifying a volunteer base, managing volunteer activities, identifying volunteer opportunities, and growing the volunteer list. In addition, committee members will identify potential events which align with the Association's vision, ensure potential events are not missed within the community, evaluate event successes or failures, and develop recommendations to improve event delivery.

The Association has a membership of over one thousand three hundred (1300) members. Currently, we only use a small percentage of our people. The vision is to engage a majority of the membership to assist with the work the Association and our charities are involved in.

Local 255 Volunteer/Event Committee Members

Braden Bairstow – B Platoon – 306-460-6009 (Lead)
